Please do not take away this free conference calling it is an inspiration to me. And it means so much to me.
Thank You

As a taxpayer, and a free conference calling client, I ask you to please reconsider acting on WC Docket No. 18-155. My free conference calling services are currently at risk of being completely eliminated and costing me, millions of others and our businesses.

I am urging you to refrain from eliminating services that I and millions of other Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free conference calling services are left alone. In fact, they stand to gain upwards of \$80 million.

However, if the FCC does decide to remove these services, I and millions of other American citizens and American businesses will be immediately and negatively affected. We will no longer be able to use these services for free and will instead be forced to pay for conferencing services provided by the long-distance carriers if we want to reach our non-profit organizations, our families, our churches, singing calls, news calls, prayer groups, support groups, board meetings, committee meetings, startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free conference calling.

Do not take away my free conference calling services and further line the pockets of major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its rulemaking in WC Docket No. 18-155.

WC Docket Number 18-155 regarding: Updating the Intercarrier Compensation Regime including conference calling service.

Dear Sirs,

As a regular listener on the *Conference Line*, we would suggest that this could be continued for the interest of not just our family but those around us. Would you please take consideration to this request?

As a taxpayer, and a free conference calling client, I ask you to please reconsider acting on WC Docket No. 18-155. My free conference calling services are currently at risk of being completely eliminated and costing me, millions of others and their businesses.

Please, do not get rid of free conference calls!
I like to use this for listening and talking to
friends. Also there are crippled people that
can't go to church so they listen to church
services on the conference line. Also it
is good for spreading news and topics that need to get
out!

Dear Sir,

As a free unlimited long distance caller I would miss
not being able to listen to these calls.

Please consider us plain people. Thank you
